DOLLIVER AND CUMMINS SCORE ADMINISTRATION

DES MOINES, Ia., May 10.—Senators J. P. Dolliver and A. B. Cummins addressed a great gathering here tonight in the opening meeting of the political campaign for the Republican insurgents, announcing that the fight now on was to be one of the progressive wing of the party against the reactionaries. Both speakers attacked the Payne-Aldrich tariff as a scheme of legalized robbery by the manufacturers against the country.

Senator Dolliver made no personal attack against the President, but scored the President's associates and closest advisers unmercifully. He said that Taft was a good man but one who did not know how to handle the men he had around him, who knew exactly what they wanted and how to manipulate affairs and secure legislation to get it.

Senator Aldrich he referred to as a man allied to and bound up with the trusts. He was the Senatorial representative, declared the speaker, of the Guggenheims, of Thomas F. Ryan, of Paul Morton, of the mammoth trust that had secured the monopoly of the production of rubber manufacturers in the country, whose charter allowed them to secure the monopoly of the coal lands of Alaska and allowed them to go into any industry that they might desire to and force out competition.

Both speakers announced that the insurgents in the House and Senate would never yield, but would fight until they had forced the Republican party control out of the hands into which it had drifted during the past year.

CHINESE RIOTERS BURNING MISSIONS.

CHANG-SHA, China, May 10.—Anti-foreign rioting has again broken out in this district, and it is reported that the Yuen Chow mission has been destroyed by the rioters. No loss of life is reported, but those in charge of the mission are reported as fleeing toward this city for refuge.

This is the seventh mission to suffer so far in the riots, which began as rice riots and have developed into race riots. On April 17 the Catholic, Norwegian and Inland mission buildings in this city were burned, and the American Episcopal and Wesleyan missions were looted. The first reports sent out announced the Yale mission safe, but it was burned in the later rioting.

FOREST FIRES IN MINNESOTA.

MILWAUKEE, May 10.—Northwestern Minnesota was today swept by one of the greatest forest conflagrations in the history of the country, an area of five hundred square miles being cleaned out by the flames.

The many ranches in the forest clearings have been wiped out, and the town of Taft is destroyed, not a building escaping the general destruction.

The fire is yet burning, and the village of Cornish is threatened. Back fires have been started, and fireguards are being cut to stop the sweep of the flames.

HYDE DEFENSE HAS RESTED ITS CASE.

KANSAS CITY, May 10.—The defense in the case of the State against Dr. R. C. Hyde, on trial for the alleged murder of Col. Thomas H. Swope and accused of the murder of Christman Swope and a nurse, has rested its case.

Plebiscite Not Final, Woolley's Declaration

States He Will Work For Federal Prohibition Again If Defeated At the Polls

Before a gathering of local members of the Women's Christian Temperance Union at Central Union church yesterday afternoon, John G. Woolley declared without qualification that if the prohibitionists are defeated in the approaching plebiscite that he will go to Washington again and endeavor to fasten a Federal prohibitory law upon the Territory.

In conformity with his statement that he would not accept the expressed wish of the voters of Hawaii as final on the question of prohibition, Woolley stated that it would be wise to prepare for the eventuality of defeat. Accordingly, he suggested that it would be wise for the women of the Christian Temperance Union to take the initiative toward securing a straw vote, so that he would be armed with a united expression of Hawaiian womanhood if the prohibitionists are defeated at the plebiscite and he has to go to Washington again to work for a Federal law.

Mrs. Walter F. Frear took a leading part in the discussion yesterday afternoon and informed the women present that she had discussed with Mrs. Whitney and Mr. Woolley the plan of having the women vote on the question. When the assembled women were asked to express their views practically the whole gathering arose and promised their aid. Mrs. Frear stated that about \$300 would be required for the work.

Woolley's definite announcement that he would not accept an anti-prohibitionist vote at the plebiscite as final was made without qualification. "The war will go on," declared Woolley. "It may be a thirty years' rebellion but it will continue, for the liquor traffic must die. If we are defeated in this fight we will take the matter again before Congress, backed by the united voice of Hawaiian womanhood."

Woolley also expressed regret that he was not able to secure a suffrage provision in the resolution providing for the plebiscite but stated that the idea was not pressed because he was advised by members of Congress that its inclusion would jeopardize the whole resolution.

memorial tower will be immediately commenced, there being already funds on hand and pledges secured to the amount of \$14,000.

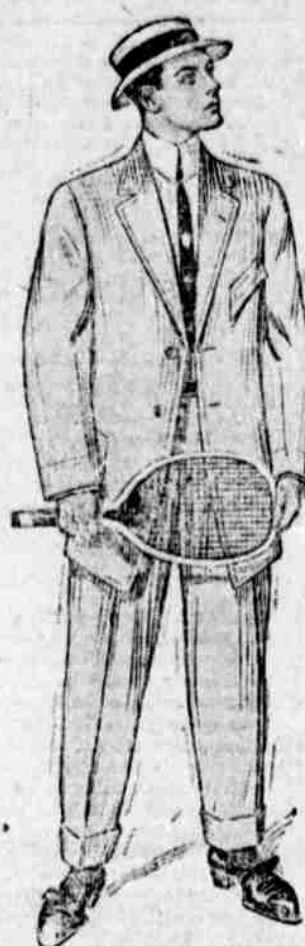

A See house will be erected on Emma Square, on the old Priory site, which will be of the most modern church architecture and probably of concrete.

CASE CONTINUED

Counsel in the case of George L. Alexander vs. Whitney & Marsh argued before Judge Cooper today on the motion to discuss the case, and the case was continued until June 13 at 9 a. m. A few days ago the defendants entered a motion to dismiss the case on the ground that it had been before the court for more than a year without any attempt on the part of the plaintiff to bring it to trial.

FOOD INSPECTOR IS AFTER COMPOUNDS

Food Inspector Duncan has issued a warrant for the arrest of S. Nekomoto, a Japanese who resides at Alca. The complaint states that Nekomoto sold liquor designated as "Robert Morton's Brand, London Style, Dry Gin Compound," and that the Pure Food law was thereby broken.

Another charge of having sold a concoction called "Superior Double Distilled Geneva Hollands" was also brought against the defendant, and he will have to appear in court tomorrow on both charges.

ASKS TO SELL REAL ESTATE

A. M. Brown, guardian for Kallikea, filed a petition with the court this morning asking authority to sell certain real estate belonging to his ward in order that money might be provided to keep her and her children.

Kallikea has one-sixth interest in a small lot of land in Halawa, and owns a parcel of one acre, 5 75-100 chains in Moanalua.

The only income she has is from the rent from this second lot, which amounts to \$60 per annum, and the guardian states that \$180 per annum is necessary to keep her and the children.

Another reason for the sale of this real estate set forth in the petition is that Kallikea is indebted to the former guardian, Keka, now deceased, for \$1,347.60.
